

Minutes of the August 2004 Fun Time Virginia Aero Nuts RC Club Meeting

- The meeting was called to order at 9:22am by Shelley Moore. We had 10 club members present.
- **Visitors-** We had 3 visitors, Willie Jackson, Zane Davis III , Zane Davis Jr. and Charles Fasano.
- **Communication-** Club Finances in general was gone over by Shelley. We were told that the wheel had been installed on the clubs mower deck.
- **Reading of the July Minutes-** Robert read the minutes from the July business meeting. Jess Robertson made a motion to accept the minutes as read. Rob Turner second the motion. The motion was passed by those present.
- **Treasurers Report-** Robert Vest reported on the club accounts

Rob Turner made a motion to accept the treasurer's report and it was seconded by Rodney Tolley. The motion was passed by those present.

- **Old Business-**
- Porta John at Robertson Field – It was decided the club would continue to pay for this because it was a needed item.
- New Field- The new field at Full Circle Solutions has been laid out and the runway has been cut. The taxi area and pit area was not finished because it started raining on the work crew that day.
- **New Business**
- Jess Robertson made a motion that the club write Dave Wright a check for ??? Dollars. This would pay off the balance of the money owed him for the pilot Stations. The remaining club members that had not paid their \$???.00 now need to Pay their \$???.00 directly to the club.
- Field Work Day- It was decided we needed to schedule 2 work days between now and the next club meeting. It was decided the 2 days would be Saturday August 14th & 28th. We talked about hanging your club membership cards from your rear view mirror so employee's of Full Circle would know who we were.
- Shelley Moore discussed having an "Open House" at the new field. If we were going to grow we needed people to see our new place and have a place for them to fly. It was decided to have an open house on October 17th with the 24th being a "Rain Date" Need to publicize this with some "Fliers"

- Possible interference at the new field- Rob Turner stumbled across a FCC license that is issued to the steel plant adjacent to our field. They are licensed to use 2 frequencies in our RC band for controlling their overhead crane. These frequencies could interfere with our channels 21 & 22 and 23 & 24. The license has expired but Robert said this was a serious matter that needs to be looked into. Robert stated you can't assume they don't use the frequencies any more just because the license has expired. It's one thing to crash an airplane because of interference but another to have someone killed because the crane dropped its load on someone. Robert is trying to contact someone to see if they still use these frequencies.
- New Members – Each new prospective member was voted on separately. The club welcomed Zane Davis III, Zane Davis Jr, Charlie Fasano, Willie Jackson and Aubry Spencer (AJ) who was not present.
- Club Time – Charles Fasano was presented his Solo Certificate. Shelley also had a drawing for a Dyna Glo Ni Starter. Rob Turner was the lucky winner of this item.
- New Members – By this time, our 2 visitors had left so there were no new members.
- There wasn't any further business so Dudley Walker made a motion to adjourn and it was second by Rob Turner. We were dismissed at 10:06 am.
