

## *April 2005 Meeting Minutes*

Rob Turner called the meeting to order at 9:09 AM

There were 13 members and 0 Visitors present

### *Communications*

- Ron Baker received his solo certificate. He was unable to attend this meeting.
- May 11 – 14 is the Joe Nall event. Some of our members are planning on making the trip. Those who have attended in the past promise it is worth the trip.
- May 21<sup>st</sup> Central Virginia RC Club will host a fly-in at Bowlin Field from 8am to 4pm. There will be a \$10 pilot fee and all donations will go to the cancer society. Larry will get a map to the field out to all the members soon.
- August 25 – 28 is the Rally Of The Giants in Danville VA. More information will follow on this event.

### *Minutes*

- John Walker read the minutes from the March meeting. Dudley Walker made a motion to accept the minutes as read and Shelley seconded. The members present passed the motion.

### *Treasury Report*

- Dudley made a motion to accept the treasury report and it was seconded by Larry. The motion was passed by those present.

### *Old Business*

- Full Circle is still in the works. They are dealing with the weather. They have moved some dirt in place, but can not spread it until it dries out some. Rob asked that all members be patient and the field will come around.
- The open house is still on hold until Full Circle is ready.
- Shelley Moore took the Contest Directors test and passed. We are not able to hold and AMA sanctioned event. This will be a great help down the road and allow us to get donations for prizes from places such as Futaba and Tower Hobbies.
- The club now has a PO box at the Chester Post Office. Rob and John are checking this twice a week. The fee for the box is paid for 1 year.
- Membership that is paid after June 1<sup>st</sup> will be considered a new member. Meaning the person will have to be voted in by the members and pay the \$25 joining fee again.
- Porta-John will be checked into for Jess' field from April – September. It was determined that was the peak flying months and bathroom facilities were needed if any events were to be held there.
- John Walker will have a friend look at the club mower and find out what it will take to get it fixed. The results will be passed along to the board members.

### ***New Business***

- Robert Vest sent in the club charter and field insurance. We have certificates for both fields.
- Jess agreed to lease his field on a per month basis while we wait for Full Circle to be completed.
- The Boy Scout Troop approached Jess about hosting another event with them this year. We have May 7<sup>th</sup> at 9:00 AM slated. Jess is going to get more details and pass them along to the members during the month of April.
- Rob suggested scheduling more fun-fly events at different times of the summer months to allow more members to attend. Since our members have different work schedules this will give those members a chance to attend at least a few of the events.
- Central Virginia Flying Club is taking a bus trip to the Air Museum April 30<sup>th</sup> and a cost of \$20 per person. This does not include the price to get into the museum.
- Dave is going to get with Billy and find out when they are planning there 4<sup>th</sup> of July event this year in Blackstone. We would like to go back there again this year and hold a fly-in at Fort Pickett.
- Dave got the new frequency board done and if I remember right he said it was portable which would be very helpful for places like Pickett.
- Bank paper work was filled out and turned in. Rob was added to allow his to write checks and the address was changed to the new PO Box.

### ***Club Time***

- Rob showed his complete Cap 580. Very nice looking plane and he says it flies as nice as it looks.
- Dave has everything for the foam cutter now as well as the vacuum system. This will allow him to cut out foam wings and then sheet them nice and even with the vacuum system. Also I think Dave said the parts for a computer controlled router system was in. Should make for some nice projects in the near future.
- Dudley drew the door prize and Wirt won a gallon of Cool Power

Larry made a motion to adjourn the meeting. It was seconded by Dudley and passed by the members present. The meeting was adjourned at 9:40 AM.
