New Business

- Charlie Fasano wants to schedule a 2-day Fly-in at the end of April. We will discuss it in more detail at the March meeting.

- We still need some ideas on how to handle the grass cutting schedule. If you have an suggestion please forward it to Charlie .

- It was brought up that what are the rules for a guest to fly at our field. Charlie stated that a guest can fly up to 5 times a year on our field without joining our club with the following conditions: If they are a AMA member a club member must be present at the field. If they are not a AMA member, they must be accompanied by a certified flight instructor.

-Dave suggested that we give some booster calls to the members when we head out to the field or set up an event because some members might not have time to check their email and therefore miss out on some events.

-Willie Jackson brought up that some of the pilot stands needs some work.

-Just a reminder that 2007 Club Membership Dues are due by March 30. An active member list will be generated April 1. I look forward to some good weather and get back to flying again.
